* Assuming 13 days of leave and 10 holidays not worked

** Assuming carrier consistently works the daily/weekly evaluated hours

*** Days available

DACA 3 & 5 refers to regular rural carriers working on their relief days.

DACA 3 - Regular carrier works their scheduled relief day and receives compensation equal to 50% of the route's evaluation PLUS another day off within 12 weeks.

DACA 5 - Regular carriers on the Relief Day Work List (RDWL) work relief day

Receiving 150% of the route's evaluation and no additional day off.

Would strongly suggest every carrier be very careful in taking DACA 5 days.

Remember DACA 5 hours go straight toward 2240 hours.
